WELCOMING DESIGNERS

THE PHILIPPINE INSTITUTE OF Interior Designers-Cebu Chapter recently partnered with Pacific Boysen Paints Philippines to introduce the interior design profession in Cebu. PIID is tasked to regulate and promulgate RA 8534, the “Philippine Interior Design Act of 1998” as endorsed by the Professional Regulation Commission. The said Republic Act safeguards the profession from unlicensed/unregistered professionals.

The launch also allowed them to present their directory, sourcebook and their website, <piidcebu.com>. Alongside this launch is a gallery which showcased interior designers’ profiles and their works. 🏠
