In behalf of the National Chapter of the Philippine Institute of Interior Designers, today's chartering is a very momentous occasion for PIID and truly a milestone! This is a good sign of a growing family of professional Interior Designers.

Being a family implies that, we should begin to foster mutual respect for the profession and its ethical norms of conduct.

We look forward and aim high to a wider horizon and of unity amongst the PIID, as we move towards global competitiveness.

May your chapter grow in number and achievements as you pass through the years. Remember that your godfathers are within reach to support and assist you in your goals and objectives.
